The guest in your home has been instructed to provide money for activities including meals outside your home. You may, at your discretion, pay all or any part of any such expenses. Further, you are only required, along with your guest, to attend large Sister City gatherings which you will be informed about in advance.

Please note: Only honest answers help in the selection of you as a host family; information regarding the condition of health and important phone numbers are absolutely necessary in order to ensure prompt action in emergencies! Of course, all answers will be treated confidentially.

Sister City is of the opinion that serving as a host family provides a unique opportunity to share our culture with the culture of your guest. Often relationships are formed that

extend far beyond the short time the guest is in your home. You likely will be invited to visit your guest in their home in Europe. You as well as your entire family will be greatly enriched by this experience.

Each exchange participant is requested to write his/her host family a letter/e-mail as soon as the host family information is made available.

Please provide any other useful information in the space provided below.

Finally, no exchange is complete unless we learn about each other's life, culture and country. Are you comfortable speaking before small groups and are you willing to do so?

This form can be sent back to us as an e-mail attachment. And please send a photo of you and one of your family to include with your information.
